Since the last annuel report there have been sold at the Depository 335 Bibles, 1,589 Testaments, with distribution to the oscillate of 56 Bibles and 11 Testaments, sold deliveries to life members of 22 Bibles, making the total of ti4 Bibles and 1,63: Testaments, amounting to 2,055 volumes circulated.

In the distribution endsa'es are included 40 German Bibles, 27 German Testaments, 2 French libbes, 12 French Testaments, and 1 Spanish Testament.

A colpoiteur was employed by the society for over two months during the year, who wes ergaged in canvassing critain portions of the city in order to ascertain the condition of the people, and for the purpose of supplying the destitute. His visitatione embraced 1,920 families, of whom 250 were found without the Scriptures, 12 families were gratuitously supplied, and 43 volumes old.
